## From High Country Cattle Services, AB

7SM121 | SAS COPPERHEAD G354 | ASA 3620331 | PB SM | Bitten x Reload | HOMO. POLLED

- New in the red lineup for 2021! COPPERHEAD was added for his outcross growth potential! •
- Requests for a unique red sire to compliment the offering led us to find a bull with qualifications like COPPERHEAD!
  - His pedigree, phenotype, EPD package and cow family are all reasons to use him heavily this spring. •
- COPPERHEAD has a small stripe of white on his head, hence the name. He is siring numerous blaze-faced progeny. •
